

sHodge Hill College regularly measures and assesses its career programme against the Gatsby Career Benchmarks. These benchmarks found below, are a set of benchmarks which Hodge Hill College use as a framework for improving career provision.

The 8 benchmarks;

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

Hodge Hill College also uses questionnaires and surveys as a means of evaluating certain events that take place throughout the school year. This questionnaire has been adapted from the Future Skills Questionnaire as provided by Careers & Enterprise Company (see Appendix 1).

Depending on the purpose of the event a set of questions may be used rather than the whole questionnaire. The set of questions are used before and after an activity as there are a set of questions called; 'How have you changed' which enables us to compare data and changes. After the questions are answered, there is an analytical approach such as;

1. Calculating the mean average score for each skill area (career readiness, effectiveness, each of the essential skills) and compare the means for the pre-activity and post-activity questionnaires to identify the level of improvement.

Example: The mean average score for career readiness increased from 2.8 to 3.9.

2. Comparing the responses to each question in the pre-activity and post-activity questionnaires. This gives you a more detailed insight on where skills have changed.

Example: The percentage agreeing or strongly agreeing 'I can help others be creative' increased from 57% to 69%.

The questionnaire is planned to be done before and after the following events;

- a) Year 11 Further Education & Apprenticeship Careers
- b) Year 10 Work Experience
- c) Year 10 Mock Interview Day
- d) Guest Speakers for all Year Groups
- e) Transferable Skill Workshops for all Year Groups
- f) Further and Higher Education Visits for all Year Groups

Examples of the feedback are available upon request. All aspects of the careers programme are then adjusted accordingly based on the feedback.

Future Skills Questionnaire

This questionnaire asks you to think about the skills you are developing that help to prepare you for work in the future. You may be asked to complete the questionnaire more than once so that you and others can see how your skills are improving as you take part in different activities that relate to these skills. Please think about each question carefully before you answer. There are no right or wrong answers. Thank you for taking part.
