

22 November 2022

Year 7 & 8 Maths Intervention

Dear Parent/Carer,

At Hodge Hill College, we work hard to ensure that all pupils achieve their best. In Maths, there is a regular programme of assessment to inform teachers of pupil strengths and areas for improvement. We have identified that your child needs some additional support.

We invite your child to attend the compulsory, 3-week programme of after-school intervention sessions. Each session will be from **2:30pm** to **3:15pm** on:

- Tuesday 22 November
- Tuesday 29 November
- Tuesday 6 December

These sessions will focus on the core skills from the previous assessment your child completed.

At the end of the intervention cycle, your child will sit an assessment for us to check what progress they have made during these sessions and we will share this with you.

Yours faithfully,

N Munir

Mr N Munir

Assistant Director of Learning: KS3 Maths

Please note: this letter only applies to the parents/carers of selected pupils
